

Catalog Supplement

JANUARY, 1978

Price: \$1.00

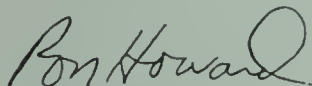

Dear Customer:

Welcome to our first Catalog Supplement of the New Year! In it, you will find many new additions to our inventory, as we have been doing quite a bit of traveling over the past thirty days.

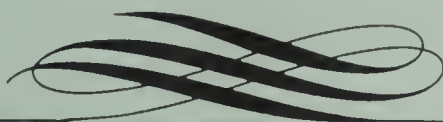

We are presently embarking on what is always one of the busiest times of the year in the coin business. In an effort to buy choice coins for our customers, our buying staff will be traveling to major conventions and auctions across the country nearly constantly for the first nine weeks of 1978. The entire market continues to be very strong, with Morgan and Peace Dollars still riding a tremendous crest of popularity. Our confidence in the future is as bulging as ever. The last few months have been some of our best ever, and there is no reason to believe the pace will slacken at any time during 1978.

Best wishes to each of you in the new year.

Sincerely,

Ron M. Howard

HALF DIMES

1797 Gem BU (65) The most incredible example of this date and mint we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at this year's A.N.A. Convention and came from Europe in recent months. It has no doubt been there for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins 9,750.00

QUARTER EAGLES

1798 Ch AU (55+) Wide date, five berries. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches, or adjustment marks. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Aker's research testifies to the rarity of this piece, as it shows no specimen catalogued as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin	8,500.00
1808 Ch AU (50+) This is the third nicest example of this rare and elusive type coin we have ever encountered. It is quite well struck and has very nice mint luster.	16,500

FRACTIONAL CURRENCY

An Important Part of Numismatic History

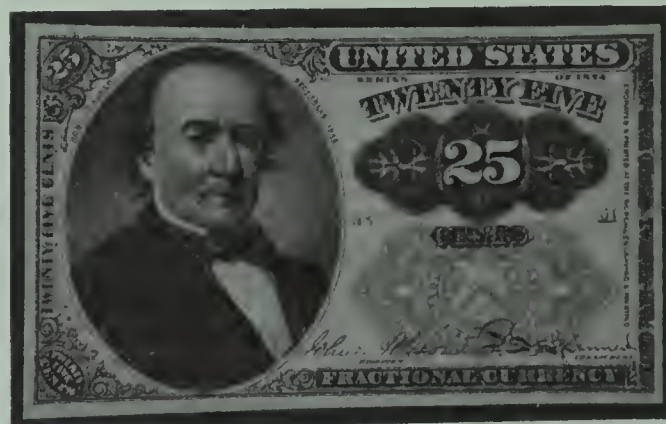

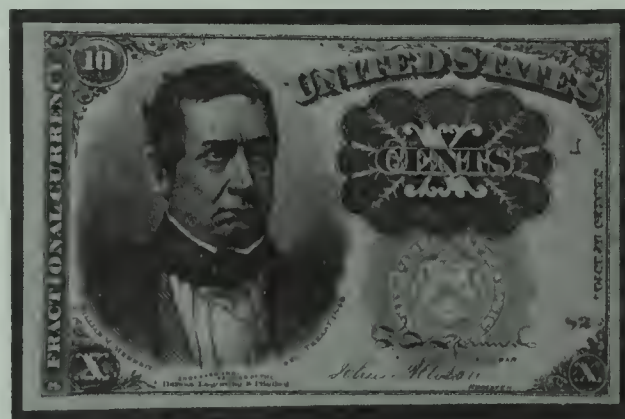

Very rarely are we able to offer top quality Fractional Notes to our customers. This long overlooked area of collecting and investing is just now beginning to gain its well deserved popularity. These small exciting pieces of history were issued to aid the tremendous coin shortage during the Civil War, and for approximately ten years after. During this time, a total of nearly \$400 million were issued. Today, it is estimated that only one-tenth of one percent still exist, and almost all of these are in Circulated condition.

As a result of a fortunate purchase we are pleased to be able to offer a complete type set of the fifth and final issue (circa 1874-1876) of Fractional Currency in superb Crisp Uncirculated condition and much above average. One each of the 10c, 25c and 50c Notes. Surely a must for every collection or investment portfolio. Please order quickly as only a very limited number are available.

A beautiful custom made Capital plastic holder is included with each set at no extra charge.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

JANUARY/FEBRUARY 1978

Price: \$1.00

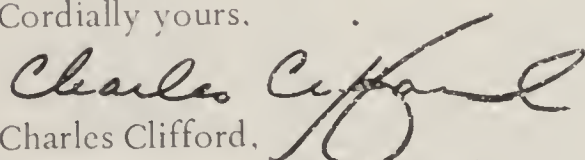

Dear Customer and Friend:

Thank you for your response to our December Color Catalog and our recent January, 1978 Catalog Supplement. If you will take a few moments to compare this Supplement to the last you will note several rarities "missing". Among the "missing" are the 1878 Seven Feather Proof Morgan Dollar, the Gem Proof Four-Dollar Stella, the exceedingly rare pattern Amazonian dollar, and quite a few of the Gem Proof gold coins, plus many others.

The point is this—our experience tells us that when the market for rarities is strong the entire market is strong. We have said recently that we feel coin prices are on the verge of another upward adjustment. Nothing in recent market activity has dissuaded us from this opinion.

Schedule your purchases for early in the year: market prices will certainly change as time goes by.

Cordially yours,

Charles Clifford,
Customer Service Representative

HALF CENTS

1795 Ch Brown Unc (60+) Struck on a planchet of exceptional quality; the color is a pleasing medium brown. The surfaces are void of any spots or impairments, and exhibit the glossiness that is so attractive on early copper coins.
Early copper rarities have come into their own in the last few years, with five-figure prices not unusual. Considering the rarity and quality of this 1795 offered here, we feel our price affords the new owner good reason to expect gratifying results from this coin in the future 6,500.00

HALF DIMES

1797 Gem BU (65) The most incredible example of this date and mint we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at the last A.N.A. Convention and has been in Europe for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins. 9,750.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Dear Customer and Friend,

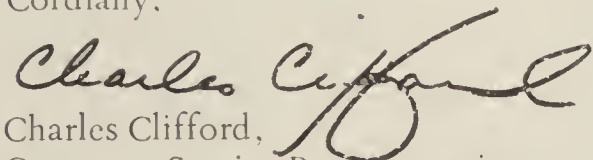

Where did all the rare coins go?

Each year we definitely see a tightening of the supply of choice and Gem coins as collector and investors put material away. Certainly, rare coins will never completely disappear because the inevitable higher prices will tend to recycle the supply.

Last month I asked you to compare our price list to its predecessor and spot the rarities that had been sold. This month when you compare this list to the last it will be quite evident that a vast turnover and shrinkage of our inventory has occurred. We have travelled every week of the new year to replenish our inventory with choice and Gem material. The market is remarkably strong with investor/collector demand evident in all series.

I urge you to use our toll free number 1-800-527-4503 to reserve items of interest in order to avoid finding them already sold. With demand this strong an upward adjustment of prices is quite probable.

Cordially,

Charles Clifford,
Customer Service Representative

Steve Ivy Rare Coin Co. Right on the Money.

QUARTER EAGLES	
1847 Ch BU (60+) Well struck with deep golden color. Akers states in his book that this date is scarce and underrated. With a mintage of only 29,814, only 9 Mint State examples were sold in auction between 1944 and 1975.	850.00
1848 BU (60) An extreme rarity. Only seven pieces have appeared in auction since 1944. Nice color and strike	2,250.00
1865-S BU (60) Nice luster and strike. A few surface marks keep this out of the choice classification. A rare coin in all grades but extremely so in Mint State. Akers lists only 4 Mint State examples sold in auction. With an average grade of VF (25) this coin is tied for the fourth lowest average grade in the entire Quarter Eagle series. A rare opportunity for the astute buyer.	1,950.00

THREE DOLLAR GOLD	
1854 Gem BU (65) A glittering example of the first year of issue and a distinct type coin itself, being the only year of issue to display the word "dollars" on the reverse in small letters. This coin is much, much scarcer than generally realized and is by no means a common date. Auction records for Mint State specimens exist in excess of \$7,500.00. We feel this virtually flawless coin is priced reasonably at	3,950.00

FRACTIONAL CURRENCY

An Important Part of Numismatic History

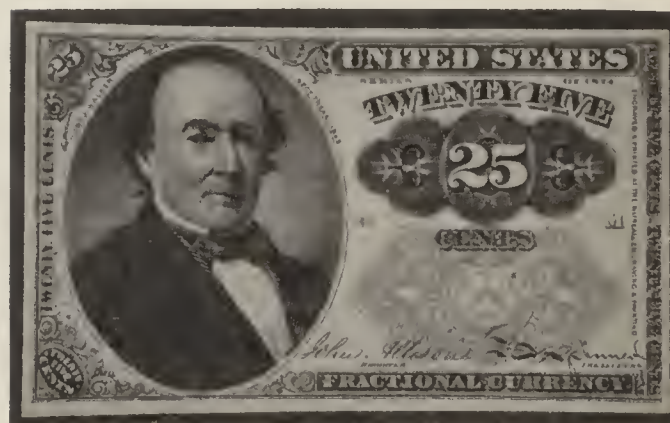

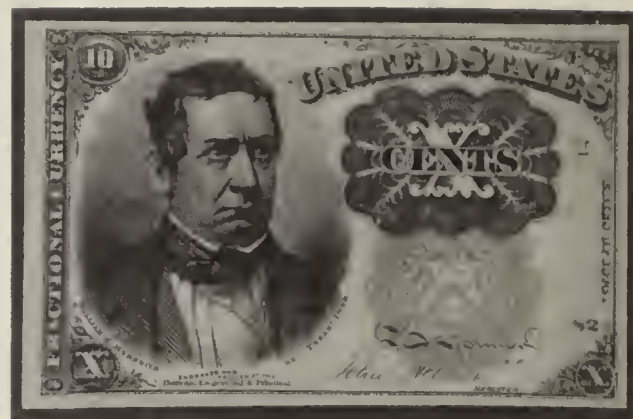

Very rarely are we able to offer top quality Fractional Notes to our customers. This long overlooked area of collecting and investing is just now beginning to gain its well deserved popularity. These small exciting pieces of history were issued to aid the tremendous coin shortage during the Civil War, and for approximately ten years after. During this time, a total of nearly \$400 million were issued. Today, it is estimated that only one-tenth of one percent still exist, and almost all of these are in Circulated condition.

As a result of a fortunate purchase we are pleased to be able to offer a complete type set of the fifth and final issue (circa 1874-1876) of Fractional Currency in superb Crisp Uncirculated condition and much above average. One each of the 10c, 25c and 50c Notes. Surely a must for every collection or investment portfolio. Please order quickly as only a very limited number are available.

A beautiful custom made Capital plastic holder is included with each set at no extra charge.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

APRIL, 1978

Price: \$1.00

Dear Customer and Friend:

Our buyers have saved the day!

Fortunately, our rare coin buyers have been successful in their travels across the country and to Europe in search of material to meet the increasingly strong demand of today's numismatic market. Included in our recent acquisitions are two major collections - one of gold coins and one of copper, nickel and silver type coins. Our staff has worked long and diligently to see that these and our many other acquisitions were included in this Catalog Supplement.

Most of these items are one-of-a-kind, so please take advantage of our toll free number 1-800-527-4503 to reserve items you wish to purchase.

By the way, if you are in the market for one of the most beautiful High Relief Double Eagles imaginable, be sure to check our listing in this issue. These Gems are one of the highlights of the most extensive gold coin inventory we have had in nearly a year.

Note: Market pressures have dictated an upward adjustment of prices in many series. We see no abatement of these pressures in the future, so please consider buying now before prices move up again.

Sincerely,

Ron Howard

FRACTIONAL CURRENCY

An Important Part of Numismatic History

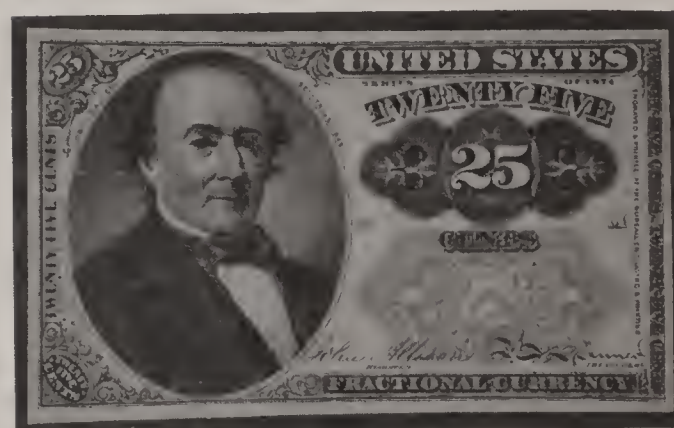

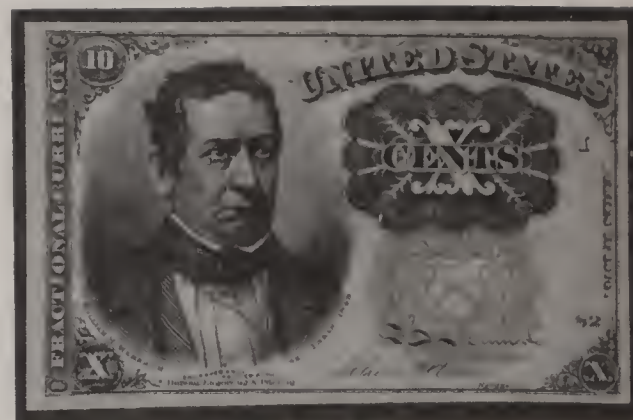

Very rarely are we able to offer top quality Fractional Notes to our customers. This long overlooked area of collecting and investing is just now beginning to gain its well deserved popularity. These small exciting pieces of history were issued to aid the tremendous coin shortage during the Civil War, and for approximately ten years after. During this time, a total of nearly \$400 million were issued. Today, it is estimated that only one-tenth of one percent still exist, and almost all of these are in Circulated condition.

As a result of a fortunate purchase we are pleased to be able to offer a complete type set of the fifth and final issue (circa 1874-1876) of Fractional Currency in superb Crisp Uncirculated condition and much above average. One each of the 10c, 25c and 50c Notes. Surely a must for every collection or investment portfolio. Please order quickly as only a very limited number are available.

A beautiful custom made Capital plastic holder is included with each set at no extra charge.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Dear Customer and Friend:

Confidence in the future of rare coins has never been greater!

We at Steve Ivy Rare Coin Company are able to observe the numismatic market place from a special viewpoint. Our carefully built foundation of customers allows us to accurately monitor the needs of today's collectors and investors. Our excellent relationship with other leading dealers and the nation's most prominent numismatic organizations keeps us informed of events that are meaningful to the market. We stay up to date to serve you better!

One reason we're so excited about the future is the tremendous response to our last Supplement. Many coins found new homes, including, as predicted, three of the most beautiful High Relief Double Eagles in existence. Another reason is the brisk activity at coin shows. We recently enjoyed the busiest day at a convention that we've had in nearly four years.

Many more new selections are offered in this issue. If you share our confidence in the future of rare coins, please look over the listings carefully, and order at your earliest convenience.

Sincerely,

Ron Howard

THREE DOLLAR GOLD

1854 Gem BU (65) A glittering example of the first year of issue and a distinct type coin itself being the only year of issue to display the word "dollars" on the reverse in small letters. This coin is much, much scarcer than generally realized and is by no means a common date. Auction records for Mint State specimens exist in excess of \$7,500 00. We feel this virtually flawless coin is priced reasonably at	3,950 00

FRACTIONAL CURRENCY

An Important Part of Numismatic History

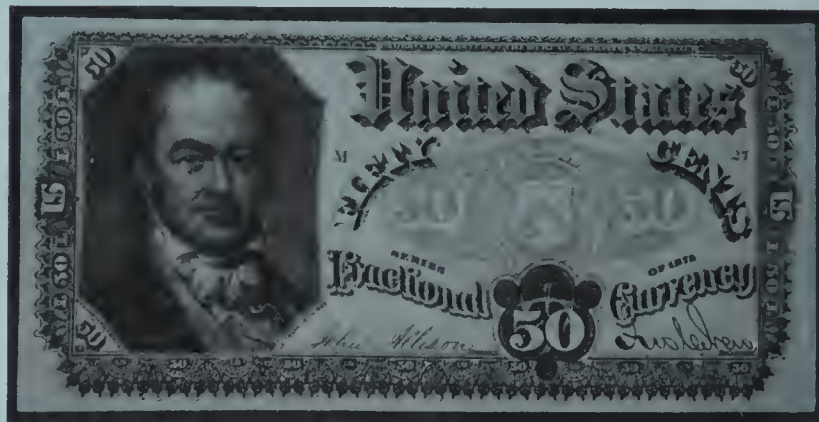

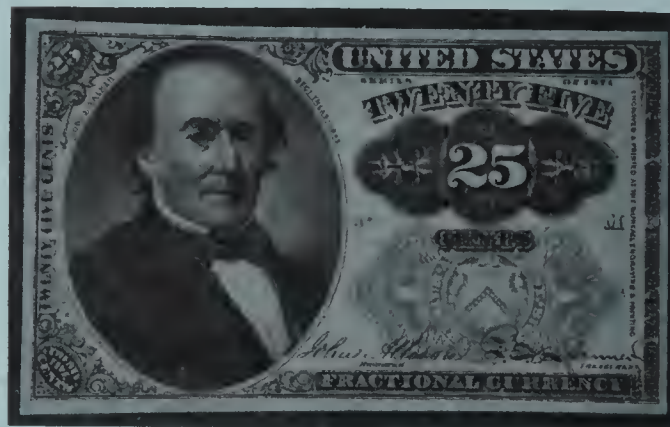

Very rarely are we able to offer top quality Fractional Notes to our customers. This long overlooked area of collecting and investing is just now beginning to gain its well deserved popularity. These small exciting pieces of history were issued to aid the tremendous coin shortage during the Civil War, and for approximately ten years after. During this time, a total of nearly \$400 million were issued. Today, it is estimated that only one-tenth of one percent still exist, and almost all of these are in Circulated condition.

As a result of a fortunate purchase we are pleased to be able to offer a complete type set of the fifth and final issue (circa 1874-1876) of Fractional Currency in superb Crisp Uncirculated condition and much above average. One each of the 10c, 25c and 50c Notes. Surely a must for every collection or investment portfolio. Please order quickly as only a very limited number are available.

A beautiful custom made Capital plastic holder is included with each set at no extra charge.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years.

Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

EARLY DOLLARS

1794 VF EF (35+) An outstanding example of our nation's first silver dollar. Almost full hair with very few surface defects which usually plague this issue. Nice color and quite well struck for this date. In our opinion, this is about as nice an example of this date as one could purchase without getting into the \$30,000 to \$50,000 price range (see color photo)	17,500 00
1795 EF/AU (45+) Draped Bust. An exceptionally nice coin completely free of problems so often found on early U.S. coinage. No adjustment marks, nicks, scratches, etc. Perfect for a type set (see color photo)	1,650 00
1797 Ch BU (60+) Small eagle. Stars 10x6. Definitely one of the most difficult early type coins to locate in Mint State. Fully struck with excellent, original luster. A few light adjustment marks on the obverse, a trait common to this type and not detracting in the least from its overall beauty. A rare opportunity for the serious type collector or the shrewd investor	13,750 00

SEATED LIBERTY DOLLARS

1836 Gem Proof (65) "Gobrecht" below base. Reverse Eagle flying amid stars. Plain Edge. One of just eighteen struck. This example is beautifully toned and surely one of the finest known. An excellent opportunity for the advanced collector (see color photo)	12,500 00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

EARLY DOLLARS

1794 VF EF (35+) An outstanding example of our nation's first silver dollar. Almost full hair with very few surface defects which usually plague this issue. Nice color and quite well struck for this date. In our opinion, this is about as nice an example of this date as one could purchase without getting into the \$30,000 to \$50,000 price range.	17,500.00
1795 EF AU (45+) Draped Bust. An exceptionally nice coin completely free of problems so often found on early U.S. coinage. No adjustment marks, nicks, scratches, etc. Perfect for a type set.	1,650.00
1797 Ch BU (60+) Small eagle. Stars 10x6. Definitely one of the most difficult early type coins to locate in Mint State. Fully struck with excellent, original luster. A few light adjustment marks on the obverse, a trait common to this type and not detracting in the least from its overall beauty. A rare opportunity for the serious type collector or the shrewd investor.	13,750.00
1802 1 VF (30) One of the holdest overdates ever produced by the mint.	520.00

SEATED LIBERTY DOLLARS

1836 Gem Proof (65) "Gobrecht" below base. Reverse Eagle flying amid stars. Plain Edge. One of just eighteen struck. This example is beautifully toned and surely one of the finest known. An excellent opportunity for the advanced collector.	12,500.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years.

Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

AUGUST-SEPTEMBER, 1978

Price: \$1.00

Dear Customer and Friend:

The demand for high quality, rare United States coins is at an all-time record level! As this Supplement is going to press, our buyers are fervently trying to keep pace by selecting the best coins available at the ANA Convention in Houston.

Fortunately, they have been quite busy at three coin shows, and traveling to examine and purchase collections. The results of their efforts are listed in this Supplement, and include a fabulous 1795 Flowing Hair Dollar, a Gem Draped Bust Quarter, and several choice pieces of early gold. A complete set of Morgan Dollars was also obtained, thus enabling us to offer a Prooflike 1893-CC and 1893-O; an incredible 1895-S; Gem examples of 1896-O, 1897-O, 1901, 1904-S and so on. A near-perfect 1934-S Peace Dollar is also featured.

Don't forget to use our toll-free number to call and reserve items of particular interest.

Sincerely

Ron M. Howard

SEPTEMBER, 1978

Price: \$1.00

Dear Customer:

Notwithstanding the usual minor problems, this year's ANA Convention was tremendous success. It is estimated that nearly 10,000 people attended the coin show.

Included among our new acquisitions is a complete of Superb Matte Proof Indian Half Eagles, an 1885 Gem Proof Half Eagle, and an 1876 Gem Proof One Dollar Gold. Date and Type collecting enthusiasts will be very pleased with the assortment of copper, nickel, and silver coins offered herein.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

OCTOBER, 1978

Price: \$1.00

Dear Customer:

Each month, an increasingly larger portion of the coins offered in our Supplements are sold to institutional customers, such as Pension and Profit Sharing Plans, Retirement Funds and Rare Coin Funds. If this trend is the same on an industry-wide basis, and I must assume that it is, then the limited supply of Choice and Gem rare coins is being absorbed at an alarming rate. A tremendous amount of money is being spent on this limited supply, and prices are definitely escalating. The effect of this huge purchasing power will be awesome when making price comparisons a few years hence.

Included herein is virtually a brand new inventory of Morgan and Peace Dollars, dazzling rarities in the gold coin series, and exceptional values in the type coin categories. As always, we urge you to phone in your orders to avoid disappointing "sold-outs", utilizing our toll-free number, (1) 800-527-4503.

Please give us a call.

Cordially,

Charles Clifford

1904-S Gem BU (65) Prooflike. Well struck. Wayne Miller gives this date a well deserved prooflike rarity rating of 10, the rarest possible designation. Our experience agrees. Considering the popularity of prooflike Morgans today and the scarcity of this date in Gem condition, the premium charged for its mirror surfaces seems reasonable	2,750.00

Rarer than the 1878-CC, for example, but not nearly as expensive. Listed in the Red Book. A necessary coin for a complete set of Trade Dollars. A rarity of the highest order!	3,750.00

QUARTER EAGLES

1808 Ch AU (50+) One of the rarest of all U.S. gold-type coins. Only year of type. Very sharp, with all details vivid. The only adjustment marks are very light and limited to the rims of the coin, and they do not interfere at all with the design. Interesting double profile. An outstanding coin suitable for the advanced gold type coin collector	14,500.00
1830 AU (50) Lustrous and somewhat prooflike. Light copper toning. Seldom available any nicer (see color photo)	4,950.00
1884 Gem Proof (65+) Superb! Deep, rich orange fields with brilliant, golden-yellow devices. Very rare, with an overall mintage of 2,023, including only 73 proofs. An unbeatable combination of rarity and quality (see color photo)	4,950.00

QUARTER EAGLES

1899 Gem Proof (65) A dazzling, wire-rimmed beauty. Beautiful color deep orange peel	2,450.00

THREE DOLLAR GOLD

1854 AU (50)	695.00
1861 Gem BU (65+) Superb! An immaculate piece with wondrous color and luster. One of the most attractive of any piece of this denomination we've seen, and most likely the finest known example of this scarce and underrated year. The haloes of light rose toning impart an eye-catching cartwheel effect. Completely struck up, as well (see color photo)	8,500.00
1866 Gem BU (65) Well struck, with nearly a full wire rim. Beautiful luster and color. Lacks the annoying striations so often seen on planchets employed to produce coins of this date. An outstanding and rare member of this challenging series (see color photo)	5,250.00
1874 Gem BU (65) Beautiful cartwheel luster, much scarcer than the 1878 (see color photo)	2,650.00

HALF EAGLES

1795 AU (50) Very well struck, nice color and detail. An excellent example of our nation's first Half Eagle	6,950.00
1795 Gem BU (65) Small Eagle. Lovely prooflike surfaces. The strike is so sharp that it defies belief. How startling to see clearly separated breast feathers on the Eagle! Bold center dots. No adjustment marks. Perfectly centered, with full denticles. There is no limit to the potential of this desirable early gold-type coin. It may be many years before there is another chance to acquire an example of or near this quality. Of added interest is the fact that this is the first denomination of gold coin to be struck by the U.S. Mint (see color photo)	19,500.00
1796/5 Gem BU (65) Abundant, frosty luster and beautiful color which is accented by coppery toning. Although this fabulous coin is many times rarer than the 1795, its superlative quality nonetheless qualifies it as a type coin par excellence. It is doubtful that many more than fifty examples exist in all grades, the typical specimen being only Very Fine to Extremely Fine at best. The last mint state coin to be offered that we can locate was over four years ago, and it was inferior to this piece, which is in all likelihood the finest known. It is well struck and void of adjustment marks. This museum-quality specimen will forever be a revered numismatic rarity. (see color photo)	42,500.00
1802/1 Ch BU (60+) An extremely sharp example	3,450.00
1806 Ch BU (60+) Rich, coppery color. Well struck	3,450.00
1811 Gem BU (65) Sharp detail, rich color. Quality such as this is quite elusive. (see color photo)	4,750.00
1813 BU (60) Fully mint state, virtually choice. Quite scarce as a Type coin	3,750.00
1834 Ch BU (60+) Classic Head. Plain Four. Fully brilliant and well struck	3,250.00
1843-C F (12) No problems	275.00
1844-O FF (45) Very well struck. A nice example of No Motto New Orleans issue	345.00

HALF EAGLES

1845-O EF (40)	325 00
1857 Ch BU (60+) Attractive copper toning. Scarce No Motto type	950 00
1857-O Ch AU (55) Scarce and virtually unobtainable any nicer	1,150 00
1859-C EF/AU (45+) Nice color	545 00
1861-D Ch AU (50+) Lustrous and well struck. By far the rarest Dahlonga Half Eagle. A classic rarity always in short supply and heavy demand. Probably less than fifty known in all grades. Needless to say, this is one of the finest known (see color photo).	9,750 00
1861-C EF/AU (45+) Sharp. Lustrous surfaces with no major problems.	2,450 00
1861-C AU (50) Surely one of the best strikes upon one of the nicest planchets used for this issue. Rare in its own right, and quite popular because of its mint of origin and the era during which it was struck. Lustrous and very pleasing (see color photo).	3,450 00
1871 Ch AU (55+) Scant mintage of only 3,230 pieces. Grossly undervalued (see color photo).	1,250 00
1872 Ch AU (50+) Philadelphia Half Eagles of the 1860's and 1870's are among the most difficult of all U.S. Gold coins to locate in high grades. Mintages were small, and most manufactured were circulated. Many dates, including 1872, are virtually unobtainable in mint state.	2,200 00
1881-S Ch BU (60+)	185 00
1886-S Ch BU (60+)	185 00
1907 Ch BU (60+)	185 00
1908 Gem Proof (70) Meticulously well preserved in a superb set of Proof Indian Half Eagles assembled decades ago. Expensive, but unimprovable at double our price.	7,250 00
1909 Gem BU (65) Quite scarce. Nearly superb (see color photo).	795 00
1909-D Gem BU (65)	495 00

HALF EAGLES

1910 Gem Proof (70) Perfect! Just as it left the die. (see color photo)	7,450 00
1911 Gem BU (65)	795 00
1911-S Gem BU (65) Surely one of the finest known of this date. Common in circulated grades, but near impossible this nice. Weak mintmark, as seen on all examples. Virtually as rare as the 1913-S in mint state, an example of which recently sold for \$12,500. (see color photo).	3,950 00
1912-S BU (60)	650 00
1913-S Ch AU (55)	395 00
1915 Ch BU (60+)	395 00

EAGLES

1795 EF (40) Evenly worn with no major problems. An excellent type coin.	6,250 00
1795 EF/AU (45+) Sharp, with nearly complete breast feathers. An exceedingly popular issue, and one of the most noble of our country's gold coins.	7,450 00
1840 Ch AU (50+) Rare.	1,750 00
1863 AU (50) One of the greatest Gold rarities we have ever had the privilege of offering. Less than half the mintage of the 1858 Eagle, and much rarer. In fact, this date appears as infrequently as any of the series, except the 1875. One of only a few dozen known.	10,750 00

TERRITORIAL GOLD

1852 VF (30) United States Assay Office of Gold Fifty Dollar Slug, 0 887 Thous. Minted by a private firm, although the name implies a government connection. Void of the edge bumps that usually plague these large gold coins. This example also has a bold full date.	4,850 00
1852 EF/AU (45) Augustus Humbert Fifty Dollar Slug, 0 887 Thous. A rare slug not to be confused with a "Type" coin, though no premium is charged for its rarity. A pleasant example with a full date, a complete legend and a very nice color.	6,450 00

- 1848 Ch AU (50+) One of the rarest of all U.S. gold-type coins. Only year of type. Very sharp with all details vivid. THREE DOLLAR GOLD

- 1861 Gem BU (65+) Superb! An immaculate piece with wondrous color and luster. One of the most attractive of any piece of this denomination we've seen, and most likely the finest known example of this scarce and underrated year. The haloes of light rose toning impart an eye-catching cartwheel effect. Completely struck up, as well. 8,500.00
- 1866 Gem BU (65) Well struck, with nearly a full wire rim. Beautiful luster and color. Lacks the annoying striations so often seen on planchets employed to produce coins of this date. An outstanding and rare member of this challenging series (see color photo) 5,250.00
- 1883 Gem BU (65) Glittering, semi-prooflike surfaces. Every bit as rare as its meager mintage (1989) indicates (see color photo) 6,450.00

HALF EAGLES

- 1795 Gem BU (65) Small Eagle. Lovely prooflike surfaces. The strike is so sharp that it defies belief. How startling to see clearly separated breast feathers on the Eagle! Bold center dots. No adjustment marks. Perfectly centered, with full denticles. There is no limit to the potential of this desirable early gold-type coin. It may be many years before there is another chance to acquire an example of or near this quality. Of added interest is the fact that this is the first denomination of gold coin to be struck by the U.S. Mint. 19,500.00
- 1802-1 Ch BU (60+) An extremely sharp example. 3,450.00
- 1810 Ch AU (55+) Virtually mint state. Superior luster and color. No problems whatsoever (see color photo) 2,450.00
- 1811 Gem BU (65) Sharp detail, rich color. Quality such as this is quite elusive. 4,750.00
- 1845-O EF (40) 325.00
- 1852 Gem BU (65) Lovely, warm color. An excellent example of the prohibitively rare No Motto type (see color photo) 1,950.00
- 1861 Ch BU (60+) Nearly of Gem quality. 1,350.00
- 1861-D Ch AU (50+) Lustrous and well struck. By far the rarest Dahlonga Half Eagle. A classic rarity always in short supply and heavy demand. Probably less than fifty known in all grades. Needless to say, this is one of the finest known. 9,750.00
- 1861-C EF/AU (45+) Sharp. Lustrous surfaces with no major problems. 2,450.00
- 1861-C AU (50) Surely one of the best strikes upon one of the nicest planchets used for this issue. Rare in its own right, and quite popular because of its mint of origin and the era during which it was struck. Lustrous and very pleasing (see color photo) 3,450.00
- 1872 Ch AU (50+) Philadelphia Half Eagles of the 1860's and 1870's are among the most difficult of all U.S. Gold coins to locate in high grades. Mintages were small, and most manufactured were circulated. Many dates, including 1872, are virtually unobtainable in mint state. 2,200.00
- 1908 Gem BU (65) 795.00
- 1909-D Gem BU (65) 595.00
- 1909-O Ch BU (60+) Extremely sharply struck, with a full mintmark and complete feathers on the eagle's upper wing. Excellent luster and free of mentionable marks. Auction record for a Gem of five figures (see color photo) 4,750.00
- 1910 Gem BU (65) Scarce. Nearly superb. 795.00
- 1912 Ch BU (60+) 495.00

- 1932 Gem BU (65+) Superb! We picked only the very nicest pieces from a small hoard that recently emerged from deep within a Swiss bank vault. (see color photo) 1,075.00

TERRITORIAL GOLD

- 1852 EF/AU (45) Augustus Humbert Fifty Dollar Slug, 0.887 Thous. A rare slug not to be confused with a "Type" coin, though no premium is charged for its rarity. A pleasant example with a full date, a complete legend and a very nice color. 6,450.00
- 1853 AU (50) U.S. Assay Twenty 900 Thous. A very pleasant defect-free coin. 2,250.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

CHRISTMAS, 1978

Price: \$1.00

Dear Customer:

While speaking with our friend at Stack's in New York recently, some interesting statistics concerning their recent Harold S. Bareford Sale came to light. We felt they were of sufficient import to share with you.

The late Mr. Bareford's collection was comprised entirely of U.S. Gold coins. Most of the pieces offered were of high quality and many were considerably rare, although there were quite a few "common" dates in superb uncirculated and Proof condition.

The 242 lots realized a total of \$1,207,215.00, for a per-lot average of just under five thousand dollars.

While these figures alone are impressive, the real impact of how rare coins have performed as an investment is felt when we compare the total prices realized numbers to what Mr. Bareford paid for his collection. The collection was formed predominantly in the years 1947-1954 for the incredible sum of \$13,832.00!

There is, of course, no guarantee that rare coin prices will continue at such a pace. But with a track record like that of numismatic investments, and considering the strength of the coin market today, we can understand why so many people are confident in the future of high quality rare coins.

Our problem nowadays is finding enough coins for our customers! Fortunately, we have made some important purchases since our last Catalog Supplement, and thus you will find many new selections listed herein. Note the superb Ten Indian featured on the back page and the outstanding pair of High Reliefs offered.

Please call toll-free on orders over \$100 and don't forget alternate choices.

Happy Holidays!

An Exciting Offering Of Superb Indian Tens

Is the Indian Head Eagle an endangered species? We think so — at least in superb condition! Modern, quality-conscious collectors and investors have eagerly purchased, and put away, virtually every superb example of the Indian Head type Ten Dollar gold piece that has come on the numismatic market for several years. It has thus become one of the toughest U.S. gold type coins to find in superb condition.

An almost unbelievable opportunity was recently presented, on an exclusive basis, to Steve Ivy Rare Coin Co. We were able to choose a few superb examples from several hundred original, Uncirculated Indian Head eagles that had been held for decades deep within a bank vault in Switzerland. The coins we brought home to Dallas are the finest of this type we've ever seen! Even many years ago, before top quality coins such as these became a rapidly disappearing commodity, condition this nice was rare.

We can remember when Type One Gold Dollars were in relatively plentiful supply in superb condition — now bids of a thousand dollars, or more, often go unfulfilled! Rolls of Liberty Eagles once emerged regularly from European vaults — we recall “cherry picking” superb 1901-S Eagles at seventy dollars each! The best of those “common” type coins would likely bring \$1,500.00 today. Similar tales can be told for virtually every major type of United State gold coins.

Our point is — this may be one of the last opportunities ever to purchase truly superb, original examples of one of our country's most beautiful coins — the Indian Head Eagle. Designed by the famed Augustus St. Gaudens, the noble depiction of the American Indian made its debut in 1907. Production was ceased in 1933. Subsequently, the Indian Head Eagle has become immensely popular with date and type coin collectors — as evidenced by the \$92,500.00 recently realized by a specimen of the extremely rare 1933 issue, and as evidenced by the \$1,000-\$1,250.00 “bid” range listed for MS-65+ type coins by the “Coin Dealer Newsletter”. Incidentally, that publication lists the Indian head Eagle as one of the top two toughest 20th Century gold type coins to obtain in superb condition.

Your coin will most likely be dated 1932 — a “common” date. But remember — your coin will be in decidedly uncommon condition — Superb Gem Brilliant Uncirculated (65+)! Each coin is fully struck, with magnificent luster beaming from surfaces relatively free of those bothersome bagmarks that usually plague coins of this type. Each coin is uncleaned — never dipped or rubbed in any way — and thus exhibits a natural tone acquired over the decades. This alluring patina gives each piece true character — that intangible, indescribable quality that precious few coins possess.

The condition of this small group of superior coins is uniformly outstanding — the last one sold will be as nice as the first. We nonetheless suggest you call our toll-free WATS line, (1-800-527-4503) to reserve your specimen. Ask for the Rare Coin Department, and one of our courteous salesmen will take your order. We accept Master Charge, BankAmericard/VISA, and American Express. Free lay-away is also available. Each coin is priced fairly at \$1,075.

Note: Place your order quickly.
